Conclusion

The Sex Doll Industry Is A Booming Business

The sex doll industry is a booming business and getting stronger has the word gets out there about the realistic sex dolls that feel and look as life like as possible. I mean some of the image of these sex dolls take your breath away and they're only silicone. I get turned on by and image of a silicone sex doll, Wow!

It's unreal to think these sex dolls are so life like with the touch and feel like a real woman. I've read many of stories about the men that have sex with sex dolls and they only have one complaint, and that is, she doesn't move, so it's up to you to enjoy your sex doll without her movements.

I love sex dolls because they don't talk, they don't age, and they don't eat. Just think about it, they don't talk, don't age and don't eat. You already save money by not feeding her. No taking at dinner, no fights, when you're done just put her away until you get horny again. Simple as that.

Guys around the world are turning to this alternative to having a real live girl because of a lot of factors. The me too movement has changed many relationships towards husbands, wives, girl-friends and boy-friends that makes it easy for a man to choose a sex doll to avoid the hassles of a real relationship. The question is, where is the sex doll industry going from here? I think it's the future and showing signs of that now. I'm in my late sixties and find it hard to date because of my lack of self confidence and selfesteem, which we all run short of in our sixties thinking we're to old to date.

Men loose muscle tone, their face has the old skin look and you know what I'm talking about, and there's that ugly naked body that no one else wants to look at, not even you, so why not buy a sex doll or many sex dolls to enjoy yourself without all the hassles of a real relationship.

These are some of the things men all around the world are turning to the next best alternative to a real woman, and that is sex dolls. They come in all sizes, races, and even male sex dolls for the women that feel life has passed them

by. Men are not the only ones that are buying these sex dolls.

For me, it's much easier to have sex with a sex doll because I don't get as hard as I did when I was younger and with a real woman, this can be a little embarrassing, so why put yourself through that?

Below, you'll be able to join all of the sex doll affiliate programs or the ones you want to join.

You can shop for sex dolls because I have put in many images of some of the hottest sex dolls that I think you might like because they all turn me on.

There wont be a lot of information on each sex doll affiliates, so just click on the join link at the bottom of each sex doll affiliate to read more about their affiliate program to find the ones that you may be interested in and join them.

I'm a web designer and it's easy for me to build websites to promote these sex dolls. If you're not a web designers, or know someone that is that can build you a site to sell and promote these sex dolls is a plus. But you can search Google for free websites hosted, like Wix, that allow adult sites, or many more out there for this. Just search Google. You can also buy a ready made sex doll site from me here at [Porn Turnkeys](#) or [X Turnkeys](#) with free setup on your own host and domain name. I ocassionally put some of my sites on ebay but I only get a bunch of watchers and end the auction after a couple of months. I have many designs but for only one affiliate which is [Sexy Real Sex Dolls](#) because I like them the most and have been good to me. So if this is something you might want to concider, make sure you sign up with [Sexy Real Sex Dolls](#) to be able to get a sex doll site from one of my turnkeys sites.

I have many different niches of adult sites to choose from. I have cam sites, model referrals sites, and [model](#) recruiter sites. There is a ton of money in promoting cam [models](#) and [recruiters](#) because for every cam [model](#) you refer makes you a percentage for life of the cam model meaning, as long as the cam model works for that cam affiliate, you will keep making money, and the same with [recruiting](#) agents, that will pay you a percentage of what that

recruiter makes for as long as that [recruiter](#) works for the affiliate. Just think, if you get lucky and recruit ten motivated cam [models](#), and ten motivated [recruiter](#) agents, you can quit your day job and set back and enjoy your profits. This is why we join adult affiliates, because of the thought of retiring early and not working for a ball and chain company that could give a shit for you.

It's real simple to join these affiliates and promote them if you really want to make some real money, this is the way to go with no fees to join any of these affiliates. If you're a web designer, than you can save money by building your own websites to promote any adult affiliates. But if you're not a web designer, you have to pay to get it done, and this does not cost as much as you think does. My sites sell anywhere from \$19.95 to \$49.95. That's not bad. You will need hosting, which is cheap here at [Godaddy](#) for \$12.95 a month with unlimited disk space and bandwidth. The deluxe plan is a great deal, I know I have 4 [deluxe](#) hosting accounts with [Godaddy](#) and very pleased with them and I have never had any sites go off line in the last 3 years I have been with them. There is also many other cheap adult hosting providers that are very affordable and reliable, like [Shark Hosting](#) from UK which I have 14 hosting accounts with [Shark Hosting](#) and you pay annually for around \$8.00 a year. I have one account with [Host Pocco](#) and they offer unlimited disk space and bandwidth for \$15.00 a month and very pleased with them.

You will need a good domain name which is very cheap at [Name Cheap](#) which I have over 100 domain names with them. I have many domain names from Godaddy also but they're so high and the renewal of a domain name is \$18.00 plus, so I have been trying to not buy as many domain names anymore from Godaddy. [Name Cheap](#) offers very cheap com domain names for \$8.88 a year and the renewal price at around \$13.00 is a plus.

It's cheaper to buy a ready made sex doll turnkey site, but you can build you own if you know html or have some knowledge of html or how to use an editing program like frontpage and notepad, which I use a lot which I could not work without frontpage and notepad.

When I first join a sex doll affiliate I go to my affiliate dashboard to check out what promotional tools they have to offer and most sex doll affiliates don't offer many promotional tools so you have copy and paste images from their site and don't hotlink any images because if they find out, they will terminate your account asap. In Sexy Real Sex Dolls dashboard they offer a link generator that you can copy any page url or sex doll url and paste it into the link generator and make a link with your affiliate id in it. Now I open up Sexy Real Sex Dolls home page in another window and keep my affiliate dashboard up. I creat a folder in my documents and right click on a sex doll image and save as to that folder I created, then I use Photoshop to resize that image and save back to that folder, then copy and paste that image from the folder into frontpage. I then create a link that will open in the new window, than copy the link to that sex doll and paste It into the link generator and create a link to that sex doll that I just saved the image and resized. I go back to frontpage where I have the image already waiting. I attach that link to that image. Now that link will go to that sex dolls url. Do this for as many sex dolls as you want to have plenty of sex doll images on your site for more content. When some visits your site and clicks on a sex doll image and buys, you get a percentage. Not bad at all.

You must know a little bit about html, photoshop, frontpage and notepad. Plus you must know how to copy and paste, save images to your computer, and creating a folder on your computer. If you know all of this than I say go for it and get started making money selling sex dolls today.

Remember there is always a better way, and you must do your homework and search it out to learn as much as you can.

Ready made [websites](#) are a much cheaper way to go.

2: Sex Doll Affiliate Program!

Join our affiliate program and start making money Today!

Earn the highest commissions on referrals in the sex doll industry.

How much can you make as a esdoll Affiliate Partner?

Our affiliate partners earn 3% commission for each sale generated by their referrals. Since our dolls are wholesale price and factory outlets, the most competitive products in the industry, This makes esdoll have a higher order conversion rate. We will never let our products sell at high prices. We will give our profits to our buyers. If the products are sold at a high price, even if the affiliate member can get a high commission rate, this is a behavior that deceives consumers. Overall, those high product prices will also lead to low order conversion rates. We stick to 10% of the gross profit to ourselves and 3% of the profits to our affiliates.

An example commission: Our best selling doll Hailey is valued at \$1628 Our affiliate partners earn \$48.84 every time one of their referrals purchases her. ($\$1628 \times 0.03 = \48.84)
